

# **PROCEEDINGS OF THE PHYSIOLOGICAL SOCIETY**

## Contents

---

University of Edinburgh Meeting  
2–6 July 1996

<b>Demonstrations</b>	<b>1P</b>
<b>Demonstrated Communications</b>	<b>11P</b>
<b>Communications</b>	
Somatosensory Physiology	17P
Comparative & Invertebrate Neuroscience	31P
Cellular Neurophysiology	43P
Ion Channels	71P
GI Tract	93P
Neuroendocrinology	107P
General – Epithelia & Membrane Transport	121P
Human Physiology	127P
General – Sensorimotor/Motor Physiology	147P
Developmental Neurophysiology	151P
General – Cardiovascular/Respiratory Control	157P
General – Skeletal Muscle	161P
General – Cardiac Muscle	165P
General – Smooth Muscle	171P
General – Cell Signalling	177P
<hr/>	
<b>Symposia Proceedings</b>	
Mechanisms of Synaptic Plasticity	1S
Interactions in Spinal Somatosensory Processing Pathways	11S
