

VOL. LXVIII. No. 4

CONTENTS

	PAGE
CANNY, A. J., VERNEY, E. B. AND WINTON, F. R. THE DOUBLE HEART-LUNG-KIDNEY PREPARATION . . . . .	333
ALLAN, H., DICKENS, F. AND DODDS, E. C. OBSERVATIONS ON THE STANDARDIZATION OF THE WATER-SOLUBLE, ŒSTRUS-PRO- DUCING HORMONE . . . . .	348
IZQUIERDO, J. J. THE INFLUENCE OF EXCISION AND TREATMENT WITH SALINE ON THE PACE-MAKER OF THE FROG'S HEART . . . . .	363
BARCROFT, JOSEPH. SOME EFFECTS OF EMOTION ON THE VOLUME OF THE SPLEEN . . . . .	375
GADDUM, J. H. QUANTITATIVE OBSERVATIONS ON THYROXINE AND ALLIED SUBSTANCES. II. Effects on the oxygen consumption of rats . . . . .	383
CLARK, A. J. AND WHITE, A. C. THE OXYGEN CONSUMPTION OF THE AURICLES OF THE FROG AND OF THE TORTOISE . . . . .	406
CLARK, A. J. AND WHITE, A. C. ACTION OF IONIC CHANGES ON THE OXYGEN CONSUMPTION OF THE FROG'S AURICLE . . . . .	433
TSO, T. M. THE EFFECT OF VARIATIONS IN THE DIASTOLIC FILLING OF THE FROG'S VENTRICLE UPON THE DURATIONS OF THE REFRACTORY PERIOD AND THE MECHANICAL RESPONSE . . . . .	441
 PROCEEDINGS OF THE PHYSIOLOGICAL SOCIETY, October 19, 1929.	
<i>Campbell, J. Argyll.</i> Effects of breathing oxygen at high pressures upon tissue gas tensions . . . . .	vii
<i>Spurrell, W. R.</i> The part played by venous obstruction in the development of a collateral circulation . . . . .	viii
 PROCEEDINGS OF THE PHYSIOLOGICAL SOCIETY, November 16, 1929.	
<i>Stammers, Arthur Dighton.</i> An Automatic Contact Breaker . . . . .	x
<i>Caunter, R.</i> A Modification of Sherrington's Stethograph . . . . .	xi
<i>Brown, T. Graham.</i> A method for the automatic regulation of the body tempera- ture of decerebrate and spinal preparations of the cat and other animals . . . . .	xii
<i>Shaxby, J. H.</i> A rotation viscometer . . . . .	xiii
<i>Marschak, M. E.</i> A Simplified Model of Haldane's Apparatus for the Determina- tion of O <sub>2</sub> and CO <sub>2</sub> in Air . . . . .	xiv
<i>Gage, F. H.</i> A fixed-focus projector for the measurement of spectra . . . . .	xvi
<i>Hemingway, A.</i> A method for supplying low-tension current . . . . .	xvii
<i>Stella, G.</i> The combination of carbon dioxide with muscle . . . . .	xviii
<i>Briscoe, Grace.</i> A class experiment in reciprocal contraction of antagonistic muscles . . . . .	xix
