Notice to Contributors. All papers should be directed to :

THE EDITORS OF THE JOURNAL OF PHYSIOLOGY,

University College, Gower Street, London, W.C. 1

and not to any other address.

Papers sent for publication should be typed and the results given in as concise a form as possible. Protocols should be illustrative only. Figures should be ready for photographic reproduction. Diagrams should be in Indian ink and plain white or faint blue lined paper only should be employed: letters, numbers, etc., should be written in pencil. Every paper must be accompanied by a summary not exceeding in length five per cent. of the paper.

Contributors are requested, in drawing up their list of References, to arrange the works cited in alphabetical order according to the authors' names. These are referred to in the text thus: [Hermann, 1878], or [Mines, 1912*a*], or Mines [1912*b*], and in the list, where initials should be given, thus:

Hermann, L. (1878). *Pflügers Arch.* 18, 209.
Mines, G. R. (1912*a*). *Kolloidchem. Beih.* 8, 191.
Mines, G. R. (1912*b*). *J. Physiol.* 44, 21 P.

The abbreviations of the World List of Scientific Periodicals should be used: those required for this Journal can be found in "Notes on the preparation of Reports" issued by the Medical Research Council.

When a paper is submitted by several authors in collaboration their names should appear in alphabetical order.

Papers are accepted on the understanding that their authors have not submitted them, and do not intend to submit them, for simultaneous or subsequent publication, in whole or in part, in another journal.

The attention of authors is called to the pamphlet "Directions to authors with regard to the preparation of papers submitted for publication in the Journal of Physiology." This can be obtained from the Secretary to the Editorial Board, address as above, price 3*d*.
